

Get those balls bouncing!

KING PONG

The action-packed game of speed, skill and sheer determination!

WHAM, BANG... there are balls bouncing all over the place!

Drumond Park's brilliant new **KING PONG** (rrp £24.99, age 8 to adult, for 2-4 players) is a fabulously frenetic game that everyone plays at once!

Up to four players vie for supremacy as they frantically scoop up and bounce a multitude of coloured ping-pong balls towards the King Pong cube - **using one hand only!**

Perfect for family parties and get-togethers with your mates, the aim of this fast and furious table-top game is to get rid of your five coloured King Pong balls as quickly as you can - by bouncing them into the plastic cube faster than they can roll back out into your tray.

Players each get a set of five balls, and everyone races to fling their balls onto the table so that they zoom through the holes in the sides or the top of the cube.

HERE'S THE CHALLENGE! You're trying to get rid of those balls faster than the randomising pyramid within the cube pings them back out into your tray! Practice makes perfect, and soon you'll be so skilled you'll be aiming your balls at the pyramid strategically, so that they shoot into your opponents' trays, too!

The first player with no balls of any colour left slams their tray door shut - and WINS!

Make it as energetic, fast and frenetic as you like... We're guessing that whatever the pace, this simple yet exhilarating game of speed, skill and sheer determination will quickly draw you in! And once you start playing, you'll find it hard to stop!

Personalise the game - and let the tournament commence...

Each player's balls are a different colour for another very good reason... so that you have the added option of inventing your own rules and extending the game play should you so wish. And of course, the social media team at Drumond Park would love to hear all about it - send pictures, too!
