Contents:

- Og in his bog
- 12 loo rolls
- Loo roll pole
- Loo roll pole base
- Tree stump spinner with card

The Aim of the Game:

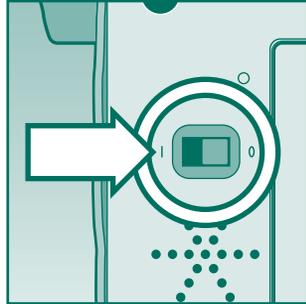

The first player to collect 4 loo rolls (or 3 if 4 people are playing) is the winner.

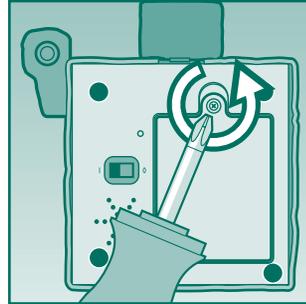

Game Set-up:

IMPORTANT:

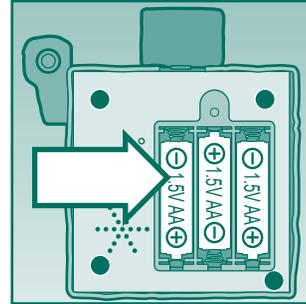

Always raise the walls of Og's bog by lifting up the front and back walls first (without roof parts) and then the side walls with the roof parts.

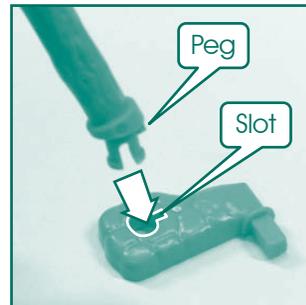

The ON/OFF switch should be set to 'OFF'.

Turn the base over and, using a cross head screwdriver, turn the battery compartment screw anti-clockwise. Remove the battery compartment cover.

Insert 3 AA/LR06 batteries with the polarity as shown. Replace the battery compartment cover and tighten the screw gently.

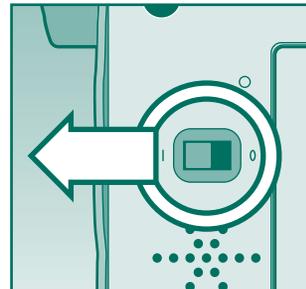

Attach the loo roll pole to its base, aligning the peg with the slot in the base.

Then attach the base to the bog as shown.

Put 6 loo rolls onto the loo roll pole. Keep the rest handy.

Carefully lift the bog and move the ON/OFF switch to the 'ON' position.

ALWAYS raise the walls of the bog by lifting up the front and back walls first, followed by the side walls with the roof parts.

Playing the Game:

Each player is given 1 loo roll to start. Youngest player starts and play moves to the left.

TO PLAY A TURN

Spin the spinner – and do whatever the segment shows:

- A red cross means you have made a noise and it is not safe to tip-toe up to Og's bog, your turn is over and the next player spins.
- The hand holding a loo roll means you can pinch a loo roll from any other player.
- A green tick means you can try to steal a loo roll from Og's loo roll pole – here is what you do:

Push down the front step of the bog to see if Og has heard you.

If he says anything he has heard you and you must run away – your turn is over.

If he grunts or farts he has not heard you, and you can try to lift a loo roll off the pole.

Carefully lift the top loo roll off the pole, if you twitch it too much Og will make another noise. If he shouts out anything you have to drop the loo roll back on the pole. Your turn is over.

If he grunts or farts he did not hear you and you can keep the loo roll.

You might have a wobbly hand and set Og off more than once during your loo-roll-lifting, the same rules apply – if he shouts, drop it, if he farts you are safe.

THE LOO ROLL POLE

Once all the loo rolls have been taken off the pole during the game, turn the game off and put on the rest of the rolls. Then turn the game back on.

IF OG'S BOG EXPLODES!

If Og does a monster fart and explodes his bog during your turn, you have to put two of the loo rolls you have already collected back onto the pole and finish your turn. Now raise the walls of Og's bog by lifting up the front and back walls first (without roof parts) and then the side walls with the roof parts.

WINNING THE GAME

For 2 or 3 players, the first person to collect 4 loo rolls wins the game. For 4 players, the first person to collect 3 loo rolls wins the game.
