

Introducing

# Stoopido™

**THE GAME OF 1000 SILLY FACES!**

**NEW** for Christmas 2016 comes a gleeful, wacky and downright silly game concept that everyone in the family will absolutely love! So step aside all - and make way for Drumond Park's brilliant and hilarious **Stoopido** (rrp **£17.99**, for ages 8 to 100)!

The point of this frenetic game is the opposite of what you think – the winner is the person who is the only player left without a full face covered with quirky colourful mis-matched eyes, ears, noses, hats and foreheads!

**With the throw of a dice and the quick fire slap of a hand, this is a merciless game which will keep everybody laughing throughout!**

## Here's how it works

Each player dons a pair of red plastic **Stoopido Spectacles**. The squashy **'Stoopitoot'** (more of that in a minute) is placed in the middle of the play area, with the four **Slap Pads** (nose/eyes/hat/ears) positioned around it. The double-sided **Stoopido Face Pieces** are piled beside each Slap Pad - and then... you're ready to play!

Players take it in turns to roll the dice, but everyone reacts and plays at the same time! The youngest player starts and play moves clockwise.

- If you roll the **NOSE, EYES, HAT or EARS**, players race to 'slap' or touch the corresponding Slap Pad - and the person who gets there first picks a Stoopido Face Piece from the corresponding pile - and adds it to the glasses of ANY player that isn't already wearing a Stoopido Face Piece of that feature.

- If you roll the **GLASSES** - bad luck ... the player to your left gets to pick a Stoopido Face Piece of ANY feature you don't already have and adds it to *your* glasses!

- If you roll the '**Stoopitoot**', the player who gets there first and squeaks it can choose to either pick a Stoopido Face Piece of ANY feature and place it on ANY player, or choose ANY Stoopido Face Piece from their own glasses and put it back on its pile.

If a player's glasses are full they must resign themselves to sitting out looking just a little bit 'stoopido' for the remainder of the game. The fun continues round the table until there is only one player left without a full face of Stoopido Face Pieces on their glasses ... and that player is **THE WINNER**.

## People of all ages can enjoy the silliness of Stoopido!

This is a crazy game of seemingly endless combinations of colourful facial parts with brilliantly funny results, which is set to be a big hit with everyone! And to add to the fun, players can opt to share their loony antics online with a raft of batty pictures placed in the family albums on Mum or Dad's social media sites\* - by posing for supremely silly photos!
