

Save your
catch
before he
snaps!

SHARK BITE

NEW from Drumond Park this Autumn comes the hilarious **Shark Bite table-top game** (age 4+, rrp **£24.99**, for 2-4 players). The big question is... can *you* save your catch before that big old shark snaps his jaws closed? The game play of this hugely entertaining game of youthful dexterity is fun and easy – and it's a great way for little ones to build on those all-important fine motor skills and learn turn-taking, too.

Play begins in seconds - you just set the mechanical shark's mouth to fully open and place the 12 pieces of yummy Fish Food into the holes within the gaping jaws. When it's your turn, a roll of the dice determines how many fish you have to catch, and using your fishing rod, it's time to rescue the fish from the shark!

If you drop your fish, keep dipping your rod in, until you hook the fish the whole way out of the shark's mouth. **But watch out...** because at any time, the shark can snap his jaws shut - and then you lose all of your catch!

The tension builds with every faltering (or confident!) dip and swing of the fishing rod, as the young players take their turns to hook 'em out... Then come the inevitable squeals of horror and delight when the shark's mouth snaps shut! That means the player has lost all his or her fish, and is **out of this round!** Play continues round the table until there are no fish left inside the shark's mouth - and of course, the player with the most fish at the end of the game is **THE WINNER!**
